Letter of Recommendation for Taylor Fox

03/20/2026

To Whom It May Concern:

It is my pleasure to recommend Taylor Fox, an exceptional educator whose intellect, versatility, and passion for teaching set her apart in every way. I have had the privilege of serving as Ms. Fox's Principal for the past five years at The Rock Academy, where she brings extraordinary depth and excellence to her craft.

Ms. Fox's academic preparation is truly remarkable. She holds a Bachelor's degree in History with an emphasis in Military History, a Master of Education in Curriculum and Instruction, and a Master of Arts in Social Studies Education. She is currently in the dissertation phase of her Doctor of Education in Curriculum Design, with research focused on AP history curriculum and scoring. Her expertise is strengthened by her eager participation in multiple AP Institutes, including AP World History, AP U.S. History, and AP Psychology. Simply put, Taylor operates at an elite academic level and brings that rigor and excellence directly into her classroom.

What makes Taylor truly exceptional is her ability to translate deep knowledge into meaningful student learning. She is a master of curriculum design, crafting engaging, rigorous, and thoughtfully sequenced instruction that develops students' analytical thinking, writing, and ability to engage complex ideas. She is focused and driven in her pursuit of excellence, and her students benefit greatly from her unwavering commitment.

Beyond the classroom, Taylor is uniquely gifted in the arts. She has directed and produced over ten full-length musicals and is highly skilled in music theory, vocal performance, dance, and acting. This rare combination of academic and artistic expertise allows her to connect with students in diverse and powerful ways, fostering both intellectual and creative growth.

Taylor is also incredibly well-read, adaptable, and capable of teaching across disciplines with confidence and competence. She approaches every responsibility with professionalism, thoughtfulness, and a commitment to continuous growth. She is the kind of educator who not only elevates her students but also strengthens the entire academic community around her.

I give Taylor Fox my highest recommendation. She will be an extraordinary asset to any school seeking a gifted educator, innovative thinker, and dedicated professional.

Sincerely,

Michelle Glenn
